

30-80 Small Grit

Enviro Friendly All-Natural Corncob Solutions

Applications

- **Carrier**
 - Animal Feed/Health/Medication
 - Insecticide/Herbicide/Pesticide

Benefits

All-Natural

Biodegradable

Super Absorbent

- All-Natural
- Biodegradable
- Lightweight
- Absorbent
- Made in the USA

The Best Cob Difference

Best Cob specializes in creating the **highest quality, enviro-friendly, sustainable,** and **renewable corncob products** that service and support a wide range of industries **since 1966.**

We are a **faith-based** company who focuses on our **communities** and **employees.** We pride ourselves on being a **preferred, reliable supplier** who **stores corncob indoors** to ensure the **cleanest, driest, high quality** product to **consistently meet our customers' expectations.**

Animal Feed Health / Medication Carrier: Best Cob 30-80 is a superior medium for carrying liquids and granules for animal nutrition & medication. It facilitates homogeneous mixing and a uniform distribution of components in compound feed or premixtures that are safe for consumption.

Pesticide / Herbicide / Insecticide Carrier: Best Cob 30-80 is an ideal carrier for lawn care applications such as insecticides, herbicides, and pesticides. Corncob granules exhibit two important characteristics: strong penetration and the slow release of chemicals, thus increasing effectiveness and lengthening the period of activity.

Corncob is an enviro-friendly, biodegradable, & inert product that has no impact on the integrity of additives.

Corncob Processing Procedure

Corncobs are processed through a series of milling, grinding, and screening processes. Products are classified by particle distribution size using a US standard mesh. If further information is needed, please request a specification sheet.

*Product is natural cellulose material and may be discarded into normal waste or incinerated by approved methods. If the material has been used to absorb spills, follow state and local disposal regulations.
