## Super Absorbent for Quick and Easy Clean Up of Large & Small Spills

### Corncob Processing Procedure

Corncoobs are processed through a series of milling, grinding, and screening processes. Products are classified by particle distribution size using a US standard mesh. If further information is needed, please request a specification sheet.

\*Product is natural cellulose material and may be discarded into normal waste or incinerated by approved methods.  
If the material has been used to absorb spills, follow state and local disposal regulations.
