Fast Wicking Absorption Keeps Your Animals Clean and Comfortable

Available in Bulk & 40 lb. Bags

Corn cob Processing Procedure

Corn cobs are processed through a series of milling, grinding, and screening processes. Products are classified by particle distribution size using a US standard mesh. If further information is needed, please request a specification sheet.

*Product is natural cellulose material and may be discarded into normal waste or incinerated by approved methods. If the material has been used to absorb spills, follow state and local disposal regulations.
